PROJECT LOCATION

PROJECT LOCATION

The Project is bound by Dubai - Al Ain Road at west, Ras Al Khor Road at north, Al Manama Road at south and Ras Al Khor Industrial Area 1 at the east. Access to the development is from Ras Al Khor Road from the north, from Dubai - Al Ain Road on the west, from Al Manama Road from the south and from Ras Al Khor Industrial Area 1 at the east.

The Horizon Project is to be linked into the primary movement networks of Dubai including Sheikh Zayed Road and the Dubai Metro system with connection to the neighbouring areas.

The extension of the green planned metro line in the horizon of 2030 will provide this development a great public connectivity to all over the Dubai Emirate.

Meydan Racecourse District

The project is adjacent to the Prestigious Meydan Racecourse District separated by Dubai - Al Ain Road. Meydan Racecourse District consists of the Racecourse and Grand stand, the Meydan Hotel, a five star destination for leisure and business travel, Golf course and Golf villas, residential and mixed use communities, Equestrian Facilities complemented by other premium leisure and sporting attractions.

Ras Al Khor Natural Reserve and Sanctuary

The sanctuary lies at the bottom of the Dubai Creek. Ras Al Khor Natural Reserve is a wet land reserve attracting migratory birds. Rose Flamingo is one of the primary attractions of the place. The Horizon and Eastern Extension project has direct visibility to the place.

Downtown Dubai

Horizon development is located in close vicinity to the downtown Dubai which is home of some of the city's most important landmarks including Burj Khalifa, Dubai Mall and Dubai Fountain.

Dubai Design District

This is a sought-after fashion and design destination in the city which borders Downtown Dubai. The district is a hub for creativity and innovation, and it hosts a variety of events and exhibitions throughout the year to showcase the work of local and international designers. The area also has offices, retail spaces, residential areas, hotels etc.

PROJECT DESIGN PRINCIPLES

Legend

-  Site Ingress & Egress Points
-  Proposed Underground Metro Line
-  Site Boundary

Accessibility Facilitating Movement

- 01. Access into the Development from highways and adjacencies to Ras Al Khor Sanctaury.
- 02. A future metro connection is planned for the Meydan Horizon area. The route shown is indicative only and remains subject to final RTA confirmation and approvals.
- 03. Connectivity to other Meydan Development through Meydan Road extension and bridging over Dubai - Al Ain Highway.
- 04. Internal Connectivity through an urban road network designed under multi - modal principles.

Adaptability – Facilitating 'Wholeness' and Positive Change

- 01. Various character zones in response to intensity demand, edge or second row conditions.
- 02. Positive change that Horizon could generate in its vicinity with identification of extension zones.

NEIGHBORHOOD OVERVIEW

RAS AL KHOR WILDLIFE SANCTUARY – A protected nature area with flamingos, birds, trees and open views. It gives Sanctuary a peaceful and private feel.

A close-up portrait of a woman with long, wavy brown hair and blue eyes. Her face is partially covered by the dark, feathery shadows of a fern frond, creating a pattern of light and dark across her features. She is wearing a light-colored, possibly white, top. The background is a soft-focus green, suggesting a natural, outdoor setting with more foliage.

A group of people are practicing yoga in a park at sunset. The foreground shows a person's legs and hands in a lotus position, with hands in a mudra. In the background, several other people are sitting on mats, also in yoga poses. The sun is low on the horizon, creating a warm, golden glow and long shadows. The text "HIVE DESIGN, AMENITIES & UNIT" is overlaid in white, bold, sans-serif font on the right side of the image.
